OPERATIONS RESEARCH: PRINCIPLES AND APPLICATIONS, (SECOND EDITION)

PHI Learning, 2010. Softcover. Book Condition: New. 2nd edition. This text, now in the Second Edition, continues to provide students with a clear, well-structured and comprehensive treatment of the theory and applications of operations research. The methodology used is to first expose the students to the fundamental concepts through a numerical illustration and then explain the underlying theory wherever required. The inclusion of a case study in each chapter of this second edition has made learning easier and more effective....
