

## Sound Phonics Phase Five Book 3

By Carol Matchett

Schofield & Sims Ltd. Paperback. Book Condition: new. BRAND NEW, Sound Phonics Phase Five Book 3, Carol Matchett, Sound Phonics prepares children for full fluency in reading, writing and spelling by providing intensive practice in phonics. A comprehensive phonics resource, it is fully compatible with 'Letters and Sounds' and any other incremental phonics programme. Its graded activities, best completed with an adult, reinforce early literacy skills through listening and speaking, and support a multi-sensory approach. In Sound Phonics Phase Five, the child explores different pronunciations of the same grapheme and different spellings of the same phoneme, and key spelling patterns are identified and practised. By Phase Five, children are more skilled at recognising graphemes made up of more than one letter, so the use of 'sound buttons' is much reduced. Instead the emphasis is on 'sounding out' words without them. The use of phoneme frames is also phased out as children practise spelling through counting phonemes, recognising spelling patterns or applying spelling rules. Sound Phonics Phase Five Book 3 is the eighth book in the series and a one-per-child activity book. It focuses on alternative spellings of 23 sounds and learning spelling patterns.
