*Extensive guideline! Its such a great go through. It is definitely basic but surprises in the 50 % of the pdf. It is extremely difficult to leave it before concluding, once you begin to read the book.

Excerpt: .detriment to expedition can be occasioned by them. The following methods of doubling and contracting the consonants may be adopted. When a character has a greater slope than usual, it denotes that it is to-be resolved into two. In this manner r and f are lengthened in the two first marks No. 3, which denote rr and ff respectively.-By adding vowel points, as in the two last examples, these characters may be made to represent fife, and error. Double s and double t, when necessary, may be made by a little break in the middle, which can be effected by slightly varying the track of the pen out of the line it was describing, as in size, taught. When s is preceded by k or q, or when t is preceded by h or w, the same method may be used, as in cause, hat, No. 4. A similar expedient may also be adopted when the first 1 is followed by r, in such words as idler, butler, miller, the three first examples, No. 5. And if the student dislikes the plan of lengthening the consonants pointed-out in the preceding paragraph, he may apply this mode of contraction to the inclined characters, instead of the other, and write fife and error as in the two last examples. Whenever this method is employed, care must be taken that the dividing stroke is not too long, as it might be taken for a distinct letter. Some...
