Brown Christian Press, United States, 2015. Paperback. Book Condition: New. 224 x 147 mm. Language: English . Brand New Book. Consider that for the past 40 years, a staggering 56 million Americans have been killed by abortion. It claims the lives of over 1.2 million children every year, or roughly one child every 25 seconds. So why isn t the American church doing something to stop this atrocity, which is the greatest holocaust in American history? The majority of American churches, God s institutions for spreading the gospel of peace and defending the weak and innocent, remain silent. Feeding the poor, stopping human trafficking, rescuing children from abuse, and protecting women from exploitation are all issues the church is addressing. Yet abortion remains eerily absent from the list of church priorities in America. Why is abortion not the church s highest priority? Is the American church silent because abortion has become politicized and church leaders are afraid to discuss it or because we simply don t know what the Bible says about it? What will cause the church to wake up, rise up and take this issue?.
