

The Rhythm Drill Book

By Barbara M. Siemens

Barbara Siemens. Paperback. Book Condition: New. Paperback. 128 pages. Dimensions: 11.0in. x 8.5in. x 0.3in. www. pianoworkbook. com This handy resource is a step-by-step method to improve recognition of rhythm patterns and metric pulse. The exercises are graduated from beginner to advanced levels in simple, compound, and irregular time signatures. Through regular practice, these drills will help music students of all instruments develop a strong sense of rhythm and at the same time improve their sight reading abilities. Samples are available for viewing along with instructional videos on the website. Other publications in The Piano Workbook Series available through Amazon: The Piano Workbook: A Resource and Guide for Students in Ten Levels is an assignment book and so much more for students from junior to senior levels with: multiple homework pages, practicing ideas, goal setting, technique, sight reading and ear training drills, theory references, musical eras and a glossary. Two editions with specific exam requirements (RCMEMDP or CM) are available but custom editions tailored to the needs of the teacher can be ordered through www. pianoworkbook. com. The Piano Workbook Teachers Manual addresses a full range of theoretical and practical pedagogical topics for instructors of all experience levels. The Sight Reading...

Reviews

This book is definitely worth acquiring. I have gone through it and I am certain that I will likely to read through again and again in the future. It's been printed in an exceptionally basic way in fact it is only after I finished reading this publication in which it actually altered me, change the way in my opinion.

-- Andres Bashirian

Comprehensive guide for publication fanatics. This really is for all who state there had not been a well worth reading through. I discovered this ebook from my dad and I encouraged this book to find out.

-- Lacy Goldner
