

How to Take Great Digital Photos of Your Friends Wedding

By -

Amherst Media. Paperback. Book Condition: New. Paperback. 79 pages. Dimensions: 10.8in. x 8.4in. x 0.3in. Armed with a digital camera, wedding attendees can create snapshots of the their friends big day with the camera, lighting, posing, and composition skills taught in this step-by-step manual. Beginning with a discussion of digital capture basics and how to ensure the best possible exposure by selecting the appropriate ISO settings, photographers learn how to create the setting that produces the best results under any lighting conditions. Posing is also covered so that, armed with some general principles and strategies, amateur photographers can greatly improve their sense of portraiture. Sections on unusual situations teach readers how to make the best of mixed lighting conditions, flatter subjects, avoid exposure problems, and use the flash indoors; while tips on using Adobe Photoshop Elements help photographers give their photographs that professional edge. Reviews

This publication is amazing. It is definitely basic but shocks in the fifty percent of your publication. You wont feel monotony at anytime of your own time (that's what catalogues are for concerning if you question me).
