These principles are as inescapable as the law of gravitation." Dr. Kumar has now emerged as an intellectual and cultural ambassador of India. He is introducing great traditions and values of India to the world. He is continuously stressing upon resolving conflicts and problems through adaptable non-violent means. Hence, he has become an important person for international community and is receiving great regard from all parts of the world. From this point of view, this book becomes significant and also a subject of curiosity for not only the present generation, but also for generations to come.
